	Meals on Wheels	509-456-6597	mowspokane.org
	Other:		

We safely package and maintain food at proper temperatures at all times.

No/NA Yes

		We confirm safe temperatures and cooling procedures of all hot food.
		We keep food at proper temperatures (see table on Food Rescue flier).
		We package donations in clean, food-grade containers.
		We label containers with the common name of the food.
		We store food in a designated area of a refrigerator or freezer while awaiting pick-up or delivery.

We transport donated food safely.

No/NA Yes

		We transport food in a clean vehicle to prevent contamination.
		We keep food at proper temperatures and use refrigerated transport when available.
		Our food donations are picked up by the hunger relief organization.

We track donated food items.

No/NA Yes

		We use a donation delivery form or provide information to the hunger relief agency for their records: food source, quantity, type of foods (such as chicken soup, breads, etc.), and date.
		We have shown donation delivery forms to an EnviroCertified representative.

Priority 3: Donate Food for Farm Use

No/NA Yes

		We prevent food (edible, inedible, and scraps) from entering the waste stream by donating food resources for farm use.
Name of Farm(s)		

Priority 4: Compost Food

No/NA Yes

		We prevent food from entering the waste stream by delivering or sending food resources to a local compost facility, such as Barr-Tech, or having the unused food picked up for composting.
